

COSYSPA HOT TUB CARTRIDGE FILTER DEEP CLEAN

INSTRUCTIONS

1. Remove Cartridge for housing and wash down any loose deposits from the filter.
2. Place in a clean container which is large enough to completely submerge the cartridge filter.
3. Add 1 litre of Spa Cartridge Cleaner to 20 litres of clean warm water and ensure the cartridge filter is fully immersed.
4. Leave to stand overnight.
5. Rinse the cartridge filter thoroughly (a garden hose is ideal) and return to the housing.
6. Spa Cartridge Cleaner should be used on a regular basis to ensure excellent water quality.

PRECAUTIONS

- Always ensure bathers are out of the water when adding chemicals.
- Never mix with any other chemicals including cleaning products, weed killers and chlorine products, as a dangerous reaction may occur.
- Always handle products in a well-ventilated area.
- Always wash hands thoroughly after handling chemicals.
- Store in a cool, dry well ventilated, secure place. Ensure chemicals do not become damp in storage.
- Instructions and dosages given are a guide to the most effective use.

WARNINGS

- This container must not be used or contaminated with any other materials.
