

# COSYSPA HOT TUB SCALE AWAY REMOVER AND INHIBITOR

## INSTRUCTIONS

1. Add Spa inhibitor on commissioning and on a weekly basis.
2. Initial dose on commissioning, 25ml per 1000lts of water.
3. Weekly Maintenance dose; 15ml per 1000lts of water.
4. Add product directly to the water with circulation running.

## PRECAUTIONS

- Always ensure bathers are out of the water when adding chemicals.
- Never mix with any other chemicals including cleaning products, weed killers and chlorine products, as a dangerous reaction may occur.
- Always handle products in a well-ventilated area.
- Always wash hands thoroughly after handling chemicals.
- Store in a cool, dry well ventilated, secure place. Ensure chemicals do not become damp in storage.
- Instructions and dosages given are a guide to the most effective use.

## WARNINGS

- This container must not be used or contaminated with any other materials.
